

How to download the ECom Phrase Catalogue (.chr3) using Internet Explorer

1. Right-click the link and select "Save target as..."

Downloads

The ECom Package, including supporting documentation, is available for download from this webpage:

- [ESCom Catalogue \(Excel file\)](#)
- [ESCom Catalogue \(Chesar import file\) --> \(read this if you are downloading .chr using Internet Explorer\)](#)
- [Phrase Guidance](#)
- [Release Notes](#)
- [Information on ECom Package](#)
- [ESCom XML 2.0 functional guidance](#)
- [Free of charge User licence](#)

Context menu options: Open, Open in new tab, Open in new window, Save target as..., Print target, Cut, Copy, Copy shortcut, Paste, E-mail with Windows Live, Translate with Bing, All Accelerators, Inspect element, Add to favorites..., Send to OneNote, Properties.

Secondly when saving the file Internet explorer only propose an .xml extension instead of .chr3 (Chesar format). Therefore the user will have to:

2. Overwrite the extension of the offered file name from "xml" to "chr3": ECom Phrase Catalogue 3_0.chr3

Save As dialog box showing the file name 'ESCom Phrase Catalogue 2_3.xml' and 'Save as type: XML Document (*.xml)'. A blue arrow points to the right screenshot, which shows the file name changed to 'ESCom Phrase Catalogue 3_0.chr3' and the 'Save' button highlighted with a red box.

3. Finally save the file to the desired location
