

Phrase submission webtool

Guidance on how to submit new ECom phrases

ECom Standard Phrases Working Group, March 2018

Go to the EuPhraC database

Goto: <https://www.esdscom.eu/> => Click on: “Overview” => Click on: “Browse EuPhraC”

Or: use the direct link: <http://draft.euphrac.eu/>

The screenshot shows the EuPhraC database interface. At the top, there are language selection buttons for German and English, and an 'Imprint' link. The main header indicates 'EuPhraC version 3.0.0 11.07.2017'. On the left, a tree view lists sections from '<01.> Safety Data Sheet according to Regulation (EC)' to '<05.> Chemical Safety Report'. The section '<04.> Annex to the extended Safety Data Sheet (ext)' is highlighted with a red box. On the right, a table displays a list of codes under the columns 'Code' and 'OriginalCode'. A red box with text points to the '<04.>' section in the tree view and the list of codes.

| Code | OriginalCode |
|------------------|--------------|
| | |
| 01.00.00.01. | |
| 01.00.02. | |
| 01.00.02.1000 | |
| 01.15.01.02.1000 | |
| 01.00.02.2000 | |
| 01.00.02.4000 | |
| 01.00.02.5000 | |
| 01.00.02.6000 | |
| 01.00.02.7000 | |
| 01.00.02.8000 | |

For submission of a new ES phrase, open <04> Annex to the Extended.....

Checking for existing phrases

- As a first step, please use the tool to search the catalogue for identical or similar phrases (for example by searching for key pieces of your phrase proposal)
- If you do not find identical or similar phrases: submit your phrase using the phrase proposal tool
- If you do find similar phrases: consider using the phrase(s) that you found. The wording of these phrases has been considered by several experts and might be worth using in your situation as well
- If you still prefer your own wording: submit a request for your phrase using the phrase proposal tool; include a reference to the existing similar phrases, as well as a justification on why your proposal is needed in addition to the existing phrases

Filtering for existing phrases

German English Imprint

EuPhraC version 3.0.0 11.07.2017

+ Send new phrase proposal

| Code | OriginalCode | English |
|-------------------------|--------------|--|
| 04. | | general ventilation |
| 04.02.09.02.04.00.34000 | ESIG-E11 | Provide a good standard of general ventilation (not less than 3 to 5 air changes per hour) |
| 04.02.09.02.04.00.65001 | | Provide a basic standard of general ventilation (1 to 3 air changes per hour). |

Enter the section in the "code" field: "04."

Enter search info in the "English" field: "general ventilation"

Example: you want to submit a new phrase related to general ventilation

The tool will display a list of existing phrases under the node "04" which contain "general ventilation"

Proposal for chapter: <04.02.09.02.08.1001.00.> ConditionPhrase

Phrase proposal

Justification / source

ESCom Metadata

ES section 1 (Title of the Exposure Scenario)
 2 (Contributing Scenario)

Click on: Send new phrase proposal

A new screen will pop up; enter information on the phrase proposal in this screen and click on "Send proposal"

Entering information in the phrase proposal screen

- Insert the wording of the new phrase in the field “Phrase proposal”.
- A statement why the phrase is being proposed in the field “Justification/source”; otherwise the proposal cannot be sent. This applies both to EuPhraC and ESCom phrase proposals.
- The relevant ES section(s)
 - 1 = Title of the Exposure Scenario
 - 2= Contributing Scenario
 - 3 = Exposure Estimation
 - 4= Guidance to Downstream User
- XML attributes (optionally, maximum number of 3 attributes); for an overview about the range of attributes, see Annex 1 to this Guidance.
- For section 2 phrases:
- The relevant target group(s): environment, worker, consumer; otherwise the phrase cannot be submitted
- The relevant subheader of the contributing scenario (e.g. AFD (Amounts, Frequency, Duration); PC (Product Characteristics), TOM (Technical/Organizational measures); STP (Sewage Treatment Plant); PPE (Personal Protective Equipment); Waste; OOC (Other Operational Conditions); AGPA (Additional Good Practice Advice); a default field “unassigned” has been added in case there is no particular subheader specified.
- Insert your name and your email address.

Tracking the status of your proposal

After clicking “Send proposal”, you will receive an email with a link to an online discussion forum where you can follow the status of your proposal (link: <http://euphrac.qualisys.eu/>)
