European Responsible Care Conference 2010

Zurich, Switzerland
20-22 October 2010

Swissôtel Zürich
Am Marktplatz Oerlikon,
Schulstrasse 44, 8050 Zürich

This year, the conference focuses on chemicals safety in the value chain. The main session is a mix of plenary – with input from high-level external speakers – and breakout group discussions. Examples of good practice will be given by industry speakers. A second conference session on Friday will highlight a number of ‘classical’ issues that are equally important to Responsible Care in 2010.

The conference will celebrate the 2010 European Responsible Care Award winners who will present their honoured projects.
